Hospice and Palliative Care: 2011 Update for the Specialist Team

Dear Colleague:

We are pleased to invite you to attend “Hospice and Palliative Care: 2011 Update for the Specialist Team,” a CME conference jointly sponsored by the Department of Pain Medicine and Palliative Care of Beth Israel Medical Center and MJHS Hospice and Palliative Care. The conference will take place at the New York Marriott Marquis on November 29, 2011 and will present a mix of plenary and breakout sessions covering a broad array of topics relevant to the practice of specialty palliative care in varied disciplines. We look forward to your participation.

Cordially,

Russell K. Portenoy, MD
Chairman

LEARNING OBJECTIVES

At the conclusion of this symposium, you will be able to:

- Discuss the issues involved in the development and progress of palliative care in the international, national, state and local arenas, and recognize the key factors involved in development, sustainability and compliance.
- Describe the management of pain in advanced illness, including issues in assessment, cultural diversity, and emergency situations, and recognize current advances in pain management.
- Assess and manage the impact of psychiatric and psychosocial issues on patients and families, including caregiver burden and delirium, and understand the use of the creative arts as a therapeutic tool.
- Assess and manage anxiety, depression and constipation in the palliative care population.
- Assess and manage symptom distress in the pediatric palliative care population.
- Analyze and implement quality improvement programs in palliative care.
- Recognize team stressors and their management.

TARGET AUDIENCE

Palliative care specialists, pain specialists, general practitioners, nurse practitioners, pharmacists, allied health professionals, fellows, residents, and medical students.
